To Whom It May Concern,

I discovered the Cancot oil we now use within our three hotels by chance, but am very glad I did.

We have introduced the “Chef’s Selection” into our 3 venues, The Palace Hotel Mortlake, The Concord Hotel Concord West, Wisemans Inn Hotel Wisemans Ferry.

Over the past two years we have been more than satisfied with the consistent long life and performance out of this great product.

Our vats are cleaner. We use less oil, it lasts longer and most importantly our customers are very happy.

It is distributed by a family business that will deliver anytime and almost anywhere.

I recommend this product with 100% confidence that it is the best oil I have used in the commercial kitchen for 25 years of food operation.

Regards
